SERIOUS AND SINGULAR ACCIDENT—A MAN MAKING SIXTY REVOLUTIONS PER MINUTE.—On Saturday morning last, Mr. S. D. Sherman came near losing his life by being caught in the machinery at the machine shop of Parker & Stone. Mr. Sherman was engaged in oiling a portion of the gearing, when a spike on the main shaft caught his sleeve, instantly drawing him on to the shaft, which is horizontal and distant about two feet from a board partition built across the shop. Through this narrow space the unfortunate man was whirled at a rate of sixty revolutions per minute. He has no idea how long he was in the machinery, as he became senseless after one or two revolutions. His clothes being finally torn off, he was released from the shaft and fell to the floor insensible, in which condition he was found about an hour after the accident occurred. It is owing to the fact that his arm was caught, thus having his head and body drawn close to the shaft, that he was not killed. The soles of his boots were entirely whirled off by striking against the frame of a grindstone which stood nearly under the shaft. His back and one arm were badly bruised, as were also his legs, though it is thought his wounds are not fatal. He is under the care of Dr. Bicknell.—Beloit Herald.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of mere assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the success of the most prominent physicians in these sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she is young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South America, and Germany.

For sale by all Druggists in FRANKFORT, Kentucky, 1859-19.

The First Volume of the "Kentucky Farmer" closed with the June number, and the Second Volume will commence in July. We promised a year ago to try and give to the Agriculturalists and Stock Raisers of Kentucky a paper worthy of their patronage. We put the question now to every one of its patrons: Have we redeemed that pledge? Have we given you a fair equivalent for THE DOLLAR which was paid for the "Kentucky Farmer"? If so, let every one of our present subscribers renew their own subscriptions, and try and send us one or more additional names for the SECOND VOLUME.

The receipts for the First Volume have about paid the expenses of its publication. We promised our patrons that we would publish our Volume whether we obtained a sufficient amount to pay its expenses or not. The publication of the June number has redeemed that pledge. Shall we have the kind and continued support of its present patrons, together with their aid in extending its circulation? If so, we promise to do everything in our power to make the paper worthy of a generous Kentucky public.

The "Kentucky Farmer" will still be published monthly, in its present form of sixteen large quarto pages, for ONE DOLLAR per annum, payable in advance. As the small amount charged for the paper will not justify the trouble and expense of collecting subscriptions, no paper will be forwarded unless paid for in advance.

Subscriptions can be forwarded to us by mail, a check. Letters addressed to us need not be REGISTERED. Simply address
